## Mahana

Montigo's outdoor Mahana brings the warmth and comfort of your living room to your patio. Full combustible framing and finishing capable design creates an endless opportunity for outdoor installation. Featuring built-in blowers to provide a curtain of warm air on a cool evening, even in windy conditions.

## H-Series VO

With 3 different sizes available, the H-Series creates an endless opportunity for outdoor installations. Wrought iron grates and brick liners are available to create a traditional look out of a contemporary fireplace.

## H-Series H38 SVO

Enjoy warmth and beauty at every angle with Montigo's H-Series see-through fireplace. Featuring stainless steel construction, with an optional enclosure for a stand alone installation (shown below.)

## More than just a decorative fireplace

The compact 11 $\frac{3}{4}$ " deep Mahana 42" features two dual blowers which push 28,000 BTU/HR of heat out further than a comparable unit with 40,000-55,000 BTU/HR. For even more performance, the Mahana 60" features 3 dual blowers pushing out 47,000 BTU's of heat. This, paired with its superior wind resistance and ability to be framed in wood, makes it an instant fit with your outdoor space.

## A color to compliment your surroundings

### MATCH YOUR FIREPLACE TO YOUR OUTDOOR SPACE<sup>†</sup>

The option of custom color powdercoating for the Mahana enclosures gives you the freedom to have total control over the design of your outdoor living area. Montigo uses only high quality weatherproof powdercoating to keep the color you love looking great long after installation, even under the most severe weather conditions.
